

DEC. SYLLABUS

FW26 DAYCLUB SEAZN

THEME: SELF-SELFISH

December is bold with boundaries — choose yourself first before the world piles on expectations.

COURSE OBJECTIVES

- 🎉 SAY NO. Be Self-Selfish
- 📺 Binge Like an Icon
- 🍸 Absolut Vanilia Cocktail of the Month
- 🍴 Leisure Bites
- 💎 Self-Selfish Guidelines

FASHIONABLY LATE POLICY

Learning is cute, but vibing is the priority. If you miss an “assignment,” you’ve got until the end of the month to glam it back up. No guilt, just catch-up. Remember: icons are never late — the party starts when you arrive.

CLUB RULES

- 1 If suggested vibes aren't your flavor, **remix them**. The point is to make it your SEAZN.
- 2 Every objective = completed by month's end. **No ghosting** the checklist.
- 3 Show up: participate in your own solo rituals + **share the energy** (IG, journal, playlist, whatever feels main character).
- 4 Club etiquette: stay cozy, stay iconic, *no excuses*.

ICON ENERGY

- Block out “Icon Time” daily
- Journal your Main Character moments
- Indulge without guilt (#dayclubready)
- Lock in your vibe: RICH AF, unapologetic
